2012 Jackson Baseball Camps

www.jdcbaseball.org
www.jacksonbaseball.org

Who: **Boys in Grades 3-8 (limit of 85/camp… Players will be separated by age)**

What: **Coach Gamble and his entire staff are very excited to again offer skill specific camps, concentrating on proper hitting, throwing and fielding mechanics needed to be a highly competitive baseball player. Our future Polar Bears will have the opportunity to participate in numerous pitching, hitting and fielding drills, as well as, be introduced to our philosophy taught at the varsity level. We will concentrate on age specific drills to introduce proper techniques and basic mechanics, incorporate video, and then progress to drills that are used at all levels. This is a great opportunity to train under the watchful eye of both our varsity players and our seasoned staff which will help to improve your game before the start of the upcoming season. We look forward to working with you and with our future Polar Bears this winter!**
